This is to inform that Plastic waste has emerged as one of the biggest environmental concerns adversely impacting the soil, water, health and well-being of citizens at large. As an educational institution, SITE has a unique spread and influence to educate the students, staff and faculty on the need for avoiding usage of plastics.

In this regard, the following guidelines will be adopted within the campus with immediate effect.

Use of single-use plastics (bottles, wrappers, packaging, bags, cups, and plates, tumblers made of plastic or polystyrene) is banned in canteens, academic blocks, administrative offices, laboratories, shopping complexes in the institution's premises and hostels, etc.

All the students, staff, and faculty are mandated to avoid bringing non-bio-degradable plastic items to the institution.

All the students, staff, and faculty members are advised to avoid bringing plastic items to campus and make our campus 'Plastic-Free'.

These guidelines are in line with UGC regulations for Higher Education Institutions (HEI's) and shall be followed mandatorily.
