Gender equality is a human right and SITE has formulated Gender Equality Policy to make sure that every single member of the college enjoys it. The policy focuses on equal access, opportunities and rights for men and women. All staff members and students are accountable for the implementation of the principles and standards presented in this policy:

- Staff members and students in the college are expected to treat others with respect at all times.
- The college provides opportunities for staff members and students to participate in learning opportunities that enable them to adopt good practice in maintaining gender equality.
- The college provides an inclusive learning environment for both the genders.
- The college operates fair and transparent procedures for student assessment, progression, attainment of awards and involvement in other college activities.

- The policy confirms that staff members are offered equal opportunities within employment. Recruitment, selection and progression are determined only by merit
- The college provides fair and accessible opportunity for training and promotion of staff without gender discrimination.
- The college seeks to increase the number of girl students and the female faculty members in the campus.
- The Principal / the Deans / the Heads of the Departments actively promote gender equality at all levels of academic and administrative works.
